Measuring Peacebuilding
Education, Social Cohesion and Resilience
• 5 countries
  – Burundi, Uganda, D.R. Congo, Cote d’Ivoire, Palestine
1. Problem Statement
   - Understand
   - Identify
   - Refine

2. Plan, Design
   - Who
   - How
   - Where
   - What

3. Implementation
   - Field Work

4. Release
   - Report
   - Workshop
   - Discussion

Impact of results
- Information (data with a purpose)
- Advocacy
- Policy-Making
- Evidence-based Decision

Consultation
- Civil Society and Others
  - Existing Work
  - Data Gap / Needs

Participation
- Participatory Design of Instruments, Methodology

Capacity Building
- Research Development
- Research Implementation
- Data Analysis and Reporting
- Advocacy
- Decision-making

Participation
- Interpretation of Results
- Joint recommendations

Collaboration / Contract
- Data Collection

Consultation
- Civil Society and Others
  - Existing Work
  - Data Gap / Needs

Participation
- Participatory Design of Instruments, Methodology

Capacity Building
- Research Development
- Research Implementation
- Data Analysis and Reporting
- Advocacy
- Decision-making

Participation
- Interpretation of Results
- Joint recommendations

Collaboration / Contract
- Data Collection

Figure by P. Vinck
Conflict in schools | in community
